Our President, Dr. John MacArthur, has just been named by Preaching magazine as one of the 25 most influential preachers of the past 25 years. His recognition reads as follows:

"Radio has been one of the major media tools used by preachers in the past quarter century, and few have been as influential via this medium as John MacArthur, pastor of Grace Community Church in Sun Valley, Calif., and teacher on the "Grace to You" program.

Never afraid of controversy, MacArthur has engaged in a variety of theological debates through the years via his speaking and writing. His approach to verse-by-verse exposition has attracted many, and through his media influence and The Master's Seminary, which he established, MacArthur is preparing a new generation of young preachers for ministries focused on biblical exposition."

It is noteworthy that of the twenty-five honorees, John is the only recipient who is President of a theological seminary - not to mention that it is the only seminary with a Doctor of Ministry degree program that focuses exclusively on expository preaching.

Rediscovering Expository Preaching (written with the TMS Faculty, and having almost 80,000 copies in print),
received acclaim as *Preaching* magazine's 1993 Book of the Year and, just recently, has been chosen as one of the 25 most influential books on preaching in the past 25 years. It is only fitting that our President now be named as one of the 25 most influential preachers of the past 25 years. To God be the glory!

Yours for the Master,
